BILLING CODE 6717-01-P  
DEPARTMENT OF ENERGY  
Federal Energy Regulatory Commission

Southern California Edison Company

Docket No. EL15-16-000

Notice of Petition for Declaratory Order

Take notice that on November 6, 2014, pursuant to Rule 207 of the Federal Energy Regulatory Commission's (Commission) Rules of Practice and Procedure, 18 CFR 385.207 (2014), Southern California Edison Company (SCE) filed a petition for declaratory order seeking affirmation that the limitation on damages contained in Article 18.2 of the Large Generator Interconnection Agreement (LGIA) prohibits an interconnection customer from recovering, from its transmission provider, lost profits on power sales. In addition, SCE states that a Commission order affirming the meaning and purpose of Article 18.2 would serve to protect ratepayers, ensure that FERC policy and intent reflected in the LGIA is implemented, provide transmission providers across the country with equal treatment and consistent interpretation of the LGIA, and enhance the construction of facilities needed to interconnect renewable power, as more fully explained in the petition.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Petitioner.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>.
